Notes:

***Dates are subject to change** - Program details are correct at time of publication and are subject to change

Attendance commitment: Committing to attendance requirements is an important part of the program. It maintains the integrity of the program for the benefit of everyone involved. All participants are required to attend a minimum 80% of the program to graduate.

Program days: Friday and Saturday program days are generally 8.30am to 5pm.

Events: these are generally scheduled as either breakfast or evening events.

COVID-19 and social distancing: Our aim is to keep people safe and we adhere to government health warnings and directives. This means we need to be flexible while the situation remains uncertain. We can successfully deliver the program virtually if required.
