

LEADER EVOLUTION PROGRAM

Mid-Senior Leaders

3 Days Over 4 Weeks

From \$3,090 + GST

Leader Evolution, our 3-day intensive leadership program, is suited to mid-to-senior leaders from all sectors with 5+ years of leadership or management experience, who are looking to take their skills to the next level and become more impactful, effective and authentic leaders.

Whether you're facing tough leadership challenges, navigating complex and uncertain workplace issues, or simply looking to upskill and broaden your leadership skills, the Leader Evolution Program is designed to deepen your leadership capacity and provide the adaptive tools you need to mobilise and work with others to achieve important outcomes.

WHO SHOULD ATTEND?

- Leaders who have 5+ experience in leadership or management (or the equivalent in lived or volunteer experience)
- Leaders who want to strengthen their leadership capabilities
- Leaders who are responsible for stakeholders, teams or projects
- Leaders who are driving change, dealing with complexity and/or facing a stubborn problem

THE PROGRAM CHALLENGED THE WAY I THINK. I LEFT ARMED WITH THE TOOLS REQUIRED TO LEAD WITH INFLUENCE AND FEEL CONFIDENT. I CAN NOW POSITIVELY IMPACT THE ORGANISATION AS WE RESHAPE OUR STRATEGIC APPROACH.

PARTICIPANTS LEARN TO:

- Consider multiple perspectives to understand challenges more deeply and drive positive impact in your organisation.
- Expand your leadership capabilities by developing a proactive mindset and toolkit to drive collaboration and experimentation.
- Tap into innovative thinking that will allow you to lead with confidence and navigate uncertainty effectively, particularly in situations where there are conflicting perspectives and agendas.

LEADER EVOLUTION PROGRAM

As the next step in your leadership development, Leader Evolution focuses on surfacing and overcoming real-world challenges, leading with values and conviction, and strengthening your ability to lead your team or stakeholders through uncertainty. Through our unique blend of practical and experiential learning experiences, including peer collaboration, sense-making and seasoned guest speakers, this program will empower you to lead more effectively and adaptively no matter how complex the situation.

Over three days, you'll engage in hands-on learning with a group of diverse leaders, leveraging collective insights. You'll return to your work better equipped to navigate challenges with confidence and a renewed sense of purpose.

For those new to leadership or in early management roles, please see our Igniting Leadership Program. If you're unsure where you're up to in your development, get in touch with us at info@leadershipvictoria.org.
