**1. What is the Future Impact Community Leadership Program?**

The **Future Impact Community (FIC)** leadership program brings together local leaders from business, community, and government to strengthen their leadership, connect them across sectors, and deepen their impact.

In this transformative, five-day experience delivered by **Leadership Victoria**, you'll build meaningful relationships, grow your leadership capabilities, and gain the tools to lead through complexity alongside others who share your commitment to community.

Whether you're tackling tough challenges, seeking new ways to collaborate, or wanting to grow as a leader, **FIC equips you to lead change - now and into the future.**

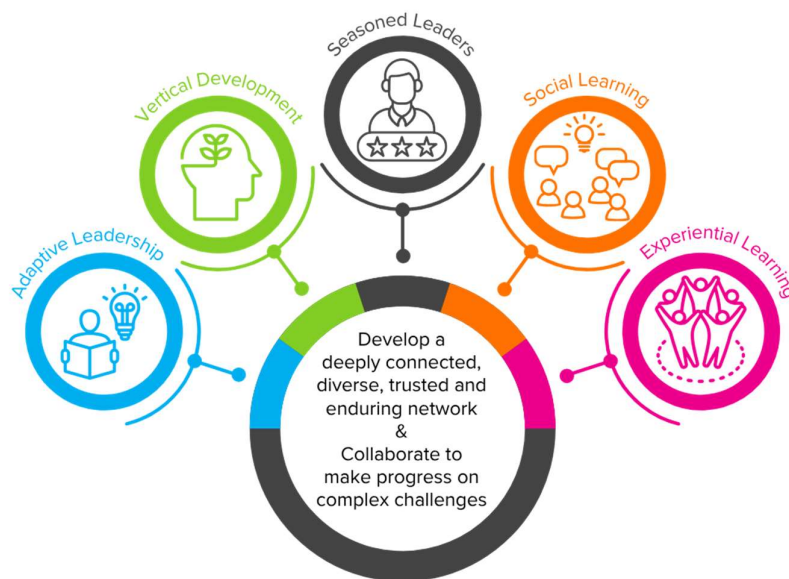

**What you'll gain:**

- **A powerful network** of local leaders across sectors, backgrounds, and locations to collaborate with and grow alongside long after the program ends
- **Practical leadership tools and strategies** you can apply immediately to your work and community
- **Foundational understanding of Adaptive Leadership**, a proven framework to help you navigate change and mobilise others
- **Real-world experience and feedback**, working on a community-based challenge that matters to you
- **Inspiring leadership case studies and deep conversations** with experienced leaders who've led through complexity and who are open to your questions

This program will challenge, stretch, and support you as you grow into the leader your community needs - for today and tomorrow.

**2. Learning Framework & Program outline**

Drawing on Leadership Victoria's 35-year experience developing purpose-driven leaders, participants will engage via the following learning framework:

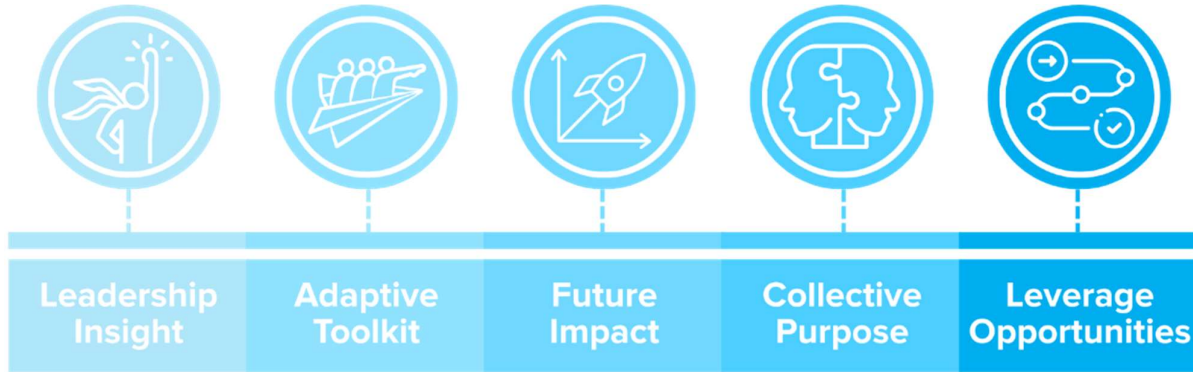

**LEADERSHIP  
VICTORIA**

**Learning Framework**

Future Impact Community  
Leadership Program

**Program Outline**

- **Day 1 – Leadership Insight**  
Start by getting to know yourself as a leader. You’ll explore your strengths, values, and what matters most to you, in a safe and supportive group environment. By the end of the day, you’ll have the beginnings of your own leadership story and a clear sense of the leader you want to become.
- **Day 2 – Adaptive Toolkit**  
Learn practical tools and frameworks for leading through uncertainty and change. You’ll work on real examples and explore different ways to approach challenges, while gaining confidence in handling complexity. You’ll leave with your own “adaptive challenge” to work on during the program.
- **Day 3 – Future Impact**  
Dive into how to create lasting change through collective action. Working in small groups, you’ll explore how to engage people, bring diverse voices to the table, and design a project that matters to your community. You’ll leave with the first outline of your own Impact Project.
- **Day 4 – Collective Purpose**  
Discover how to share your skills, experience, and ideas in ways that inspire others to connect with you. You’ll create your own elevator pitch, learn how to grow a purposeful network, and understand how to build relationships that open doors and create impact.
- **Day 5 – Leverage Opportunities**  
Put everything together as you pitch your community impact project. You’ll develop your skills in public speaking, storytelling, and persuasion, while getting high-quality feedback from guest experts. This is a day to celebrate your progress, share your vision, and commit to what comes next.
- **Post-Program Webinar – Keep the Momentum**  
Reconnect with your group, share updates, and get fresh inspiration from a guest speaker on sustaining momentum in your leadership journey. This online session helps you stay connected, supported, and focused on turning your ideas into reality.
